

TECHNICAL DATA SHEET

V7300

Eye protection

Article NO: E4008

Lens: yellow
Material- lens: polycarbonate
Material- temples: nylon

Light protective glasses with dark blue temples with grey soft temple tips, thanks to which these glasses suit perfectly without sliding. Large yellow polycarbonate lens which are made from one piece protect against UV radiation, filter the blue part of the light from the visible spectrum and provide greater contrast of vision in impaired conditions. They are anti-fogging, anti-scratching and resistant to low-energy shocks (up to 45 m/s) at extreme temperatures (-5°C - +55°C). Soft transparent grooved nose bridge provides excellent all-day wear comfort. They provide maximum of protection and extremely wide field of vision.

Adjustable temple length - NO

Adjustable temple angle - NO

Anti-fogging lens - YES

Anti-scratching lens - YES

Yellow lens, UV, 2-1.2 1 FT 0

Type of filter:	2	UV filter
Shade number:	1.2	yellow
Optical class:	1	permanent use
Mechanical resistance:	FT	resistant to low-energy shocks at extreme temperatures
Type of the lens:	0	original lens

This personal protective equipment is in conformity with these harmonized European Standards:

EN 166:2001: Personal eye protection. General requirements.

EN 170:2002: Personal eye-protection - Ultraviolet filters - Transmittance requirements and recommended use.

EN 172:2000: Personal eye protection - Sunlight filters for industrial use.

Certified by Notified body no. 2797 (BSI Group The Netherlands B.V., John M. Keynesplein 9, 1066 EP Amsterdam, The Netherlands), Certificate no CE 749754, dated 26th August 2021.

Pieces in carton:	250
Pieces in box:	10
Polybag packing (pieces):	1
Carton weight:	12 kg
Carton size:	0,103 m ³

Store in dry and dark environment away from direct sunlight at temperatures of -5°C to +55°C, relative humidity 90% and out of sources of gasoline vapors and solvents.
It is recommended to clean after each use. Clean at room temperature with a clean cloth, lightly moistened with a concentrated solution of water and detergent. Do not use hot water, fuel, degreasing fluids, organic solvents or abrasive cleaners.
