The service life depends on the degree of use and the rate of wear in the given conditions. Improper storage conditions, improper maintenance and care shorten the service life. The warranty period is 24 months. In no case should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected of adversely affecting the hygiene or health of the user. However, skin irritation is not excluded for sensitive people, in which case do not continue to wear clothing. Avoid fire and sources of intense heat.

No accessories or spare parts are intended for these garments. If clothing is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport preferably in the original packaging, protect from moisture and extreme temperatures. Dispose of ecologically after use.
