DESCRIPTION

Men's softshell trousers in a sophisticated SLIM FIT cut. Ideal for demanding outdoor activities. The four-way light-weight stretch ElasticTech®Flexi softshell combined with the functional shape of the trousers guarantees a great fit. Thanks to its membrane, the trousers are also suitable for demanding weather conditions as they are waterproof and breathable at the same time. Ventilation zippers with mesh on the outside of the thighs. The back part consists of a saddle and 1 zipper pocket. There are 2 zipper pockets on the leg fronts and the elastic waistband increases the comfort of wearing. The lower part of the trousers can be adjustable with buttons. There is an internal hook with elastic rubber for fastening the trousers to the shoes. The design is enhanced by 3D high-visibility printing.

This personal protective equipment is in conformity with the requirements of the following harmonised standard:

ČSN EN ISO 13688:2013 – Protective clothing - General requirements

The service life depends on the rate of use and the rate of wear in the given conditions. Inappropriate storage conditions, improper maintenance and care reduce the service life. The warranty period is 24 months. Under no circumstances should the warranty period be confused with the service life of the product. With Intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected to have an adverse effect on the user's hygiene or health. However, skin irritation is not impossible for sensitive people, in which case do not continue to use the garment. Avoid the fire and sources of intense heat. No accessories or replacement pants are intended for these garments. If the garment is not in use, it is recommended to store it in a dry and well-ventilated area away from direct Sunlight. Transport best in original packaging, protect from moisture and extreme temperatures. Dispose ecologically after use.
