## DESCRIPTION

A cotton T-shirt accentuating the female silhouette in a sophisticated modern cut; the neckline is finished with a reinforcing hem. The fabric is treated with a silicone layer that softens the surface, adds shine and extends the life of the product. The T-shirt has only a small size label sewn into the neckline and a label with material and maintenance information. The monochrome ZERO LABEL design and the combination of a men's cut with the identical design makes the T-shirt the ideal product for merchandise and creative creation of your own design.

LIMA® Collection meets health requirements and is **OEKO-TEX® Standard 100 certified**, **PG020 certificate 200752 OETI**.

The service life depends on the rate of use and the rate of wear in the given conditions. Inappropriate storage conditions, improper maintenance and care reduce the service life. The warranty period is 24 months. Under no circumstances should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected to have an adverse effect on the user's hygiene or health. However, skin irritation is not impossible for sensitive people, in which case do not continue to use the garment. Avoid the fire and sources of intense heat. No accessories or replacement pants are intended for these garments. If the garment is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport best in original packaging, protect from moisture and extreme temperatures. Dispose ecologically after use.
