MATERIAL

100 % cotton piqué

GRAMMAGE

220 g/m²

SIZE

S - 5XL

DESCRIPTION

A men's polo shirt made of pre-washed cotton, which is more resistant to colour bleeding, and especially eliminates shrinkage after washing. The polo shirt made of pique cotton features a collar with a design element also found on the sleeve hem. The button placket is reinforced with a decorative patch, the bottom piece is extended and has side slits. The modern cut of the sleeves emphasizes the shape of the shoulders. The fabric is treated with a silicone layer that softens the surface, adds shine and extends the life of the product. The polo shirt has only a small size label sewn into the neckline and a label with material and maintenance information. The monochrome ZERO LABEL design makes the polo shirt the ideal product for merchandise and creative designs.

NUMBER OF PIECES IN CARTON	20 pcs
CARTON WEIGHT	6,5 kg
CARTON SIZE	0,031 m ³
UNIT PACKAGING	1 pc

The service life depends on the rate of use and the rate of wear in the given conditions. Inappropriate storage conditions, improper maintenance and care reduce the service life. The warranty period is 24 months. Under no circumstances should the warranty period be confused with the service life of the product. With Intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected to have an adverse effect on the user's hygiene or health. However, skin irritation is not impossible for sensitive people, in which case do not continue to use the garment. Avoid the fire and sources of intense heat. No accessories or replacement parts are intended for these garments. If the garment is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport best in original packaging, protect from moisture and extreme temperatures. Dispose ecologically after use.
